CHAPTER 1562.

AN ACT to Establish a State Board of Equalization of Assessments in this Commonwealth.

Be it enacted by the General Assembly of the Commonwealth of Kentucky: § 1. That it shall be the duty of the Governor by the advice and with the consent of the Senate, to appoint one person, having the qualifications of an elector, from each appellate district in this State, and they, together with the Auditor of Public Accounts, who shall be an *ex officio* member without additional compensation, shall constitute a State Board of Equalization of Assessments. The members of this board shall hold their offices for a period of two years, and until their successors are elected and qualified. The term of office of said persons to be appointed as aforesaid shall begin on the first day of November, 1888. A majority of such board shall constitute a quorum to do business.

§ 2. Each member of said board, before entering upon the duties of said office, shall take the oath or affirmations prescribed by the Constitution of the State.

§ 3. At the first meeting of said board it shall organize by selecting one of its members as chairman and appointing a secretary, who shall taken the oath prescribed by the Constitution. Each member of said board shall receive for his services the sum of five dollars per day during its sessions, and ten cents per mile for each mile necessarily traveled in going to and returning from the seat of government, to be computed by the Auditor of Public Accounts, and no other allowance or emolument, directly or indirectly, except the sum of ten dollars annually, which shall be in full for postage, stationery, newspapers and all other incidentals. The pay and mileage allowed to each member of said board, and the pay allowed to its secretaries and employes shall be certified by the chairman. Said board may employ three secretaries at five dollars per day.

§ 4. Said board shall assemble at the State capital on the 10th day of February annually, to perform the duties imposed upon it

by the provisions of this act; but in case the auditor has not, by that date, received sufficient returns of assessments and tabulated statements, as provided for in this act, from the various county clerks of this Commonwealth, the said officer may, in his discretion, call the board to meet at some later day. The State Librarian shall furnish such printing, fuel, lights and rooms as may be necessary for the transaction of the business of said board.

§ 5. In all cases of partial return from any county, the Board of Equalization may estimate the valuation in the towns or districts from which returns have not been received, and may equalize the total valuation as in other cases and in all cases of failure on the part of any county clerk to furnish the proper returns of the assessment of his county to the auditor prior to or during the meeting of the Board of Equalization in each year, said board may, by order, authorize the auditor to equalize the assessment of such county when the full returns have been received by him.

§ 6. That the clerks of the various county courts of this Commonwealth are hereby required to make out an annual tabulated statement of all sales of real estate, as shown by the deed books in their respective counties, on suitable blanks, which the auditor is hereby required to furnish said clerks, and said clerks are required to make and file said tabulated statements on or before the first day in January in each year, town lots being kept separate from other real estate; said tabulated statements shall be for one year immediately preceding the fifteenth day of September, and shall contain a list of all sales of real estate, town lots being kept separate as aforesaid, the price paid, with terms and conditions, the number of acres, and the assessed value of the same for the said year. Said tabulated statements shall only include sales where absolute fee-simple title is given, and if only a part of a tract of land or town lot is sold, shall give a short description of same, and state what proportion the same may be of such tract of land or town lot. The said tabulated statement shall be sworn to by the said clerk before some person competent to take oaths as a full and complete statement of said fact for a period of one year previous to the fifteenth day of September. Said tabulated list shall be made out and sent to the Auditor of Public

Accounts for the use of the State Board of Equalization. For his services in making said tabulated statement the clerk shall be paid a reasonable compensation by the county court of his respective county. If any clerk of any county in this Commonwealth fails to make out and send, by mail or otherwise, to the Auditor of Public Accounts, on or before the first day in February in each year, the tabulated list of sales, as provided in this act, he shall be fined not less than fifty nor more than two hundred dollars, upon indictment in any court of competent jurisdiction in this Commonwealth.

§ 7. The said Board of Equalization shall fix the percentage of assessed value of real property at 69 per centum of cash value, and all counties whose average lists of real property are below such per-centum shall be raised to the same, and all those counties whose average lists are above the same shall be lowered to said standard. The Secretary of the State Board of Equalization shall report to the various county judges of this Commonwealth, as soon as possible, the action of the board in regard to their respective counties, whereupon said judges may, in their discretion, each appoint not exceeding five witnesses to appear under oath before said board in reference to the action of the board. The board shall then revise their action or not, as they may think just and proper. Said witnesses must appear in a reasonable time, or they shall lose their right to be heard. The compensation and expenses of said witnesses, if any, shall be paid by their respective county courts.

§ 8. The said Board of Equalization shall also equalize the personal property of every county in this Commonwealth, by adding to or subtracting from the list of personal property, as the case may be, the same per centum as was added to or subtracted from the list of real estate for the same county. And for this purpose the average aggregate per centum of assessed value to cash value of both lands and town lots shall be used, and, in determining such per centums, fractions less than one-half shall be rejected, and fractions of one-half and over shall be counted as one.

§ 9. In the event that there has not been as many as five sales of land in any county in any one year next preceding September the fifteenth, then the assessments of real estate and personal prop-

erty for that county shall remain as fixed by the county board of supervisors, and the same rule shall apply to town lots.

§ 10. Said board shall find the average percentage of assessed value to cash value of lands and town lots in any one county by taking in said tabulated statement the aggregate assessed values of all tracts of land and town lots, town lots being kept separate, and calculating what percentage said aggregate assessed values are of the cash value of the same, time payments being reduced to cash value on the basis of six per centum discount.

§ 11. When the said board shall have completed its equalization of assessments for any one year, the chairman and secretary shall certify to the auditor the rates finally determined by the said board to be added to or deducted from the listed or assessed valuation of land and town lots and personal property in the several counties, and the amounts assessed by said board, and it shall be the duty of the auditor, under his seal of office, to report the action of the board to the several sheriffs immediately after the adjournment of said board.

§ 12. A report of the proceedings of said Board of Equalization shall be published annually in pamphlet form, and one thousand copies thereof printed, of which number each member shall be entitled to fifty copies, the auditor to two hundred, and the remainder thereof shall be distributed by the Secretary of State to the several counties in proportion. Said distribution shall be made by mail or express, immediately upon the receipt of said report from the public printer, the cost of such distribution to be paid by the Treasurer of the State out of any money in the Treasury not otherwise appropriated.

§ 13. All rates of taxes as hereinafter provided for shall be extended by the secretaries on the assessed valuation of property as equalized and assessed by the State Board of Equalization. Said secretaries shall extend the rates of addition or deduction ordered by the State Board of Equalization in columns provided for that purpose. The rates per cent. ordered by the State Board of Equalization shall be extended on the assessed valuation of property as corrected and equalized by the county board. In all cases of exten-

sion of valuations, where the equalized valuation shall happen to be fractional, the clerk shall reject all such fractions as may fall below fifty cents; fractions of fifty cents or more shall be extended as one dollar.

§ 14. It shall be the duty of the auditor to make in each assessor's book a certificate of the rate of deduction or addition determined by the State Board of Equalization in the county to which such books shall pertain. The auditor shall make out over his hand and official seal, a certificate of the action of the Board of Equalization, which shall be transmitted to the county clerk and by him affixed to the assessor's book for the said year, and shall be the warrant of authority to the sheriff or collector for the collection of taxes as therein set forth.

§ 15. This act, with the exception of section 1, which shall take effect from its passage, shall be in force and effect from July 1, 1888.

Approved May 4, 1888.

From Woodford County.—Jesse Martin, W. I. Arnold, A. B. Scott, Chas. Alexander and Thos. Sellers.

All of the above-named witnesses were given careful and patient hearings and most of them, if not all, appeared satisfied with the action of the board. In equalizing the values of "Farm Lands," "Town Lots," and "Personal Propety," the board considered as evidence the transfer sheets, the general average of the value of lands and town lots for the years 1893, 1894, 1895 and 1896, the statements of the witnesses and all other evidence that could be obtained. Many of the witnesses who appeared before the board expressed the opinion that but for the State Board of Equalization many counties in the State would escape paying their fair proportion of the revenues, while others would have to bear an unjust burden. The apparent depression in values of property at the time this assessment was made caused many, if not all, the tax-payers of the State to list their property below its actual value.

The taxable property in the State as equalized in 1896 was $570,926,762, and the assessed value of the property in 1897 is $530,095,878, showing a decline of $40,830,884. The board added to the assessed value of 1897 the sum of $19,324,102, leaving a difference between the equalized values of 1896 and 1897 of $21,506,782, which sum this board believes fully covers the actual decrease in values during the year preceding the time of assessment.

TO ASSESSORS.

The attention of assessors is respectfully called to the fact that the law requires them to assess all property listed for taxation at its fair cash value, and, further, their attention and that of their deputies is especially called to the oath taken by them, a part of which is as follows, viz.: "I do swear that I will administer to every person listing property of any description the oath prescribed by law, and fix the value of all property to be listed by me at its fair cash value, estimated at the price it would bring at a fair voluntary sale." They are also referred to section 172 of the New Constitution, which requires all property to be assessed at its fair cash value estimated at the price it would bring at a fair voluntary sale.

The law requires assessors to assess each tract of farm lands and town lots that has been transferred and conveyed within the year prior to September 15th, the date on which the assessment is made, separate and apart from the lands and lots not conveyed. While the board does not believe that any assessor or deputy would wilfully fail to comply with the law, yet the records of this office show that many of them have been very negligent in this regard. They are, therefore, urged to be more careful in the future and to discharge their whole duty without favor or partiality.

TO COUNTY SUPERVISORS.

While it appears that the county supervisors have done their work well in most counties yet this board feels called on to say to them that the law requires that all property listed for taxation shall be assessed at a fair cash value estimated at what it would bring at a fair voluntary sale and not at 80 per cent. of such value as many of the county supervisors seem to have done. The attention of the supervisors is directed to section 172 of the New Constitution, which requires all property to be assessed at its fair cash value.

TO COUNTY COURT CLERKS.

The board especially desires to call the attention of clerks to the law touching their duties in making up the "Recapitulation of Real Estate, Personal Property, and Statistics" and "Transfer

Sheets." The "Recapitulation Books" should be compiled in such manner as to be in perfect balance, thereby saving an unwarranted amount of labor necessary to be done by the secretaries of this board. The "Transfer Sheets" should be made carefully, showing the assessed value of each and every tract of land and of town lots transferred.

TO TAXPAYERS.

In conclusion the board desires to say to the tax-payers of the State that all the additions made to the assessed values of property were made for the purpose of equalizing the burden of taxation and having completed the work of equalizing the taxable property of the State for the year 1897, the board feels it has discharged its duties faithfully and impartially.

On May 22, 1897, the board gave directions as to what matter should appear in this report and then adjourned *sine die*.

W. A. BULLOCK, Chairman.

Attest: THEODORE M. SHAW,
Chief Secretary.
